The year 1957 is hereby given greetings by school librarians as the new, bright year when they will do their utmost to improve the world of books.

The illustration above depicts a microscope in position to look at a slide, with the enlargement of the slide at the right, bearing the magical figures: 1957. This drawing was planned and executed by Angel Esparza, an outstanding art student at Los Angeles Trade-Technical Junior College.

The attention of all readers is also called to the art work on the front of the BULLETIN. The driftwood, the peaked waves, and the sea shells cannot help but bring to the mind of California librarians some of the beauties they enjoy here. This piece of work was prepared late last spring for use with the 1956-57 edition of the BULLETIN by another outstanding art student studying at Los Angeles City College, Joanne Rasmussen Dallas.

The BULLETIN looks forward to the new year, 1957, and herewith expres-

ses its appreciation for the artistic efforts of the two young people who used their talents to produce works of beauty which will be retained for years to come in school libraries in California as well as in college, university, and school libraries scattered throughout the nation.

A remarkably fine book on reading, A NEW LOOK AT READING, by Dr. Willard Abraham, Professor of Education at Arizona State College at Tempe is now available. It discusses the difficulties of reading as noted in both elementary and secondary school, and calls for continued evaluation and experimentation as well as close cooperation between parents and teachers and a scientific approach to the topic. This book is published by Porter Sargent, 11 Beacon St., Boston 8, Massachusetts at a price of \$3.50 for the cloth edition and \$2.75 for the paper edition.

School Library Association of California

Annual Meeting

The sixteenth annual state meeting of the School Library Association of California was held in Bakersfield November 10-11, 1956 at the Bakersfield Inn.

Although the opening session was not scheduled until Saturday many librarians from North and South began arriving in "The Newest City in America" on Friday afternoon. Clear blue skies and warm sunshine set the stage for an unusually profitable and restful weekend.

In a pre-convention meeting Friday evening, Nov. 9th, under the chairmanship of Mrs. Maurine S. Hardin, members of the Legislative Affairs Committee met together with previous members and the State President, Herman Smith, the Director, Irene Mensing, and current leaders of each Legislative Sub-Committee: Jean Anderson, Charlotte Davis, Elizabeth Neal and Elizabeth Reining. Other welcome contributors to the discussion included Elizabeth Bantz, Helen Bullock, Natalie Lapike, Berna Simoncelli, Mary Louise Seely and Ellanora Kramer. Two others, E. Ben Evans and Jewel Gardiner, who have worked as members of the committee since its inception, were unable to be present. The purpose of this meeting was to think through and plan for future legislation, and to consider past experiences. Discussion centered around the plans of the leaders of discussion groups, scheduled as a part of the State Meeting program, in the four areas of Legislative Affairs. How to arouse enthusiastic participation on the part of more members, and how each leader could put across the need for responsibility for member participation took a great part of the evening's planning.

Since it has been the policy of the

Legislative Affairs Committee to take action only on matters passed by a majority vote of the Executive Board or the membership in a State Meeting it was necessary in considering plans for 1957 that any forthcoming action desired by the membership should be in the form of a definite mandate from this State Meeting to the Legislative Affairs Committee, or there would be no other time before the 1957 Legislative Session for any plans to be authorized.

More than this, active participation of a continuous nature on the part of each member is needed to bring about a successful conclusion to any legislative program. A member cannot vote affirmatively for action without realizing his own responsibility to actively support the program. The committee can be effective only as each member remains alert, and responds to any request *at once*.

Our Association engaged in a Legislative program for the first time during the 1955 Legislative Session. We had some success, but not enough. "Post mortems" are valuable, and no small amount of time was devoted during this pre-convention meeting to a discussion of ways in which we could profit by our experience—and our mistakes.

Recurrent in the theme for 1957 is the thought that we must call upon the membership, *the constituents of the legislators* who pass the Bills. One cannot procrastinate when called upon. *The time is now* and the legislators wait for no man, neither does the legislative clock wait for our individual school bells. We must move when requested or we shall stand still — or lose!

Saturday morning's activities were many and varied. The Executive Board was up bright and early for a breakfast meeting. Registration began at 9:00 a.m. and many librarians renewed old acquaintances over coffee and doughnuts until committee meetings began. A room full of interesting library supply exhibits was provided by Gaylord Brothers, Remington Rand, Delkote and Bro-Dart Industries.

Open committee meetings got under way at 10:00 a.m. with Elizabeth Reining opening the meeting of the Educational Code Revision Committee. After considerable discussion of code sections 11571, 19183 and 19201, the large group of members at this meeting decided that a great deal more time needs to be spent on such important matters. The Northern Section has an active committee studying code revision. Hope was also expressed that the State Department of Education may cooperate with legal advice in further studies on code revision. Some people present felt that these problems were important enough to warrant a workshop of several days duration.

At the same time the Book Selection Policy Committee met under the leadership of Jean Anderson. Among the many valuable recommendations coming from this meeting were the following:

- (1) that the State Chairman be assisted by a Co-Chairman from the Southern Section,
- (2) that this Committee act in an advisory capacity when librarians encounter problems of censorship and that names and addresses of people to contact be published in the *Bulletin*.
- (3) that anecdotal summaries of censorship be sent to the State Chairman and that she have these published in the *Bulletin*,
- (4) that all statements of Book Selection Policy be filed with the State Chairman of this Committee to act as a clearing house,

- (5) that a survey be made concerning censorship and that all members be urged to respond promptly so that the results may be circulated to the membership.

Reactions to the CTA policy statement on "Controversial Issues in the Public Schools" were tabulated by President Herman Smith. Reactions were generally favorable. Criticism fell into two categories—first, it was too long a report; second, the responsibility of the librarian in the selection of controversial material was omitted. Mrs. Thelma Dahlin told of the work done by the Northern Section and pointed out that the CTA had published the result of their study on Book Selection Policies as CTA Research Bulletin No. 91, April 1956—"Survey of Elementary School Library Practice." Additional copies may be secured for fifty cents by writing to the Research Department of the California Teachers Association, 693 Sutter Street, San Francisco 2, California. It was recommended that the membership of the entire organization express its appreciation to the Northern Section Committee for this exhaustive study.

At 11:00 a.m. two more open committees began their meetings. Headed by Elizabeth Neal, the Credentials Committee, with a large number of interested librarians present, began their discussions. Due to the fact that an Interim Report of the State Committee on Credential Revision had been received with a request that it be studied and that a further recommendation from the Association be prepared and submitted by February 15, 1957, much of the previous work of this committee could not be considered at this time. After much active discussion it was decided to recommend to the full membership that the President be authorized to enlarge the Sub-Committee on Credentials and that the enlarged committee proceed with the problem of answering the following four questions as they refer to our profession as school librarians:

- (1) What purposes should certification serve?
- (2) What positions should be covered in the credentials structure?
- (3) How should requirements be stated?
- (4) By whom should standards be defined?

In addition, the enlarged committee will evaluate and make any recommendations for revision of the report which was submitted last spring.

Meeting concurrently was the Library Consultant Services Committee under the Chairmanship of Charlotte D. Davis. An attempt was made at this meeting to bring SLAC members up to date on the progress of the School Library Consultant Services request and also a Stand-by Committee was formed to support the request during the forthcoming legislative session. The work of each Stand-by Committee Member is:

- (1) To make personal contacts NOW with the legislators from his own Senate and Assembly districts, explaining the need and asking for consideration when the request is presented to the legislature.
- (2) To discuss the Consultant request with school administrators and personnel so that everyone knows about the request.
- (3) To contact by letter, at the appropriate times the members of the various legislative committees who will consider the School Library Consultant Services request, asking for their affirmative support.

It was decided that the Stand-by Committee would receive information directly from the members of the Consultant Committee and would be on call to act in the above matter at any time. There were fifty-three people present and the response was quite enthusiastic, with each person willing to do all he can to let his legislators know that SLAC is urgently requesting their support.

At the luncheon meeting President Herman Smith introduced State officers and guests. Miss Helen E. Rodgers, Head Librarian at El Camino College, who has recently returned from a Sabbatical year in Japan spoke on her experiences as a librarian in Japan. Miss Rodgers drew geographical and economic comparisons between Japan and California to bring into focus the differences between the two areas. Then she pointed out some of the advantages and disadvantages of the Japanese educational system—particularly as seen through the eyes of an American librarian—very low salaries, long hours, poor teaching conditions, the seriousness and competitiveness of the Japanese student, and the poor quality of library facilities which, in part, is being remedied by the work being accomplished at the new Keio University Library School in Tokyo.

Following a short recess the afternoon business meeting was called to order in the beautiful library on the new campus of Bakersfield College. After short welcoming addresses by the President of the College and Mrs. Goldie Ingles, Head Librarian at Bakersfield College, President Herman Smith proceeded with the business of the day. Reports by the Presidents of the Northern and Southern Sections concerning the activities of their sections were given as were reports by the Chairmen of Standing Committees. CLA representative Jessie Boyd reported that a reduced fee for affiliates of CLA was not possible at this time. No objections were raised by members when it was recommended by a Special Bulletin Committee that a permanent printer be appointed for the *Bulletin*. Since printing costs are lower in the South this year's printer will be continued if his work proves satisfactory. Miss Marjorie Fiske, new head of a CLA-UC Survey of Book Selection Policies in School and Public Libraries of the State of California was introduced and outlined her general plans for conducting the survey. Following the report of the chairman of the Sub-Committee on

Credentials the members voted to approve the recommendation that the President appoint additional members from both the North and the South. As a result of this recommendation President Smith has appointed the following to serve on the enlarged committee: Northern Section—Miss Elizabeth Scott, Miss Helen Cirese, Miss Edith Titcomb, Miss Dora Smith, and Mr. Warren Hicks; Southern Section—Miss Dorothy Smith, Miss Clara Josselyn, Mrs. Allie Moore, Miss Marjorie Schramling, Mrs. Helen Eikenberry and Miss Elizabeth Neal, Chairman. The meeting adjourned and those in attendance were given ample time to see and admire the very latest in library construction and planning. In addition an interesting exhibit dealing with a 1956-57 collection of Junior Library Books selected for school libraries had been provided.

Preceding the Saturday evening dinner in the Palm Room of the Bakersfield Inn the Sierra Dance Guild presented a colorful demonstration of international folk dances. Following dinner Miss Dorothy Donahoe addressed the group on the dire need for funds to combat possible bad legislation in the field of education and librarianship in the California State legislature.

Mr. William K. Grainger, Bakersfield College, introduced the guest speaker at the Sunday morning breakfast meeting, Mr. Clarence Cullimore, who spoke on the topic, "Research in the Realm of Remains" or, "Locating a Padre's Bones." The idea of a raise in dues was presented by Miss Mary Louise Seely and State Treasurer, Robert E. Muller. A show of hands regarding the suggested increase in dues showed practically 100% approval. However, no vote was taken at this time and Sections will be given an opportunity to study this proposal. Following the report of the Resolutions Committee the sixteenth annual meeting stood adjourned.

3. *Consultant Services*:

(Mrs. Charlotte Davis, Coordinator)

Recommended: That SLAC employ a "paid observer" in Sacramento to follow the progress of your consultant services request, to act in a liaison capacity between legislators and SLAC, and to keep appropriate officers and chairmen informed with regard to legislative committee hearings. *Board action*: That the request be regretfully tabled for the time being, until we can see our way clear to assume the financial responsibility involved.

JUST THE FACTS. . . .

about

The School Library Consultant Services

... STATUS QUO

School Library Consultant Services were deleted from the Department of Education budget late in November by the Department of Finance.

School Library Association of California, through President Herman Smith, immediately asked in writing that the item be reinstated. On November 30, Mr. Smith and Mrs. Maurine Hardin, SLAC Legislative Affairs Chairman, talked with Mr. John Pierce, Director of Finance. They also met with other members of the Department of Finance.

Additional information supplied by Mrs. Hardin and Mr. Smith is now being studied by the budget authorities, so there is hope for reinstatement.

'Tis a state of suspense!

However, Assemblyman Ernest R. Geddes has a bill in readiness, just in case the budget deletion stands, so school library consultant services will come up for legislative consideration, regardless.

... STAND-BY COMMITTEE

Formed at the time of the SLAC Conference in Bakersfield, to give support during the legislative session. The work of this committee will be guided by the Library Consultant Committee:

1. To make personal contacts now with the representatives in their Senatorial and Assembly districts, discussing the need for school library consultant services and asking for consideration and support when the request is presented to the legislature in 1957.
2. To discuss the request with school administrators and personnel for the information and interest of all.

3. To contact in person and by letter, at various times, the members of the legislative committees through which the school library consultant services request will pass, asking for their affirmative support.
4. To stand ready to write or wire, when the going gets rough, so that our legislators will know by tangible evidence that the school library consultant services request represents a state-wide need with state-wide backing.

... SEVEN SEAS (7 C's) of Consultant Services:

When School Library Consultant Services are achieved for California, the course may be uncharted, nautically speaking, but they will sail the seven seas ("7 C's") as suggested by L. Herman Smith, President of SLAC. . .

1. CENTRALIZE collection of information and statistical data on all phases of library service.

2. COOPERATE with library schools, teacher-training schools, etc. in credential revision (upgrading certification).
3. COORDINATE state-wide efforts to improve library service through implementation of standards.
4. CO-SPONSOR (with professional associations and state agencies) workshops and other forms of in-service education to raise level of professional competency.
5. COLLECT book selection policies and provide positive leadership against censorship pressures.
6. CONFER with school administrators and librarians on building, plans, and other problems of library service.
7. COMMUNICATE to the school librarians of the state news of pertinent legislative developments in Sacramento; act as channel between Department of Education and the school librarians of the state.

REMEMBER . . . School Library Consultant Services will help everyone in education.

Mrs. Winifred Vaughn Walker

In Memoriam

The many friends and professional associates were deeply grieved to learn of the sudden death of Winifred Walker, who was serving as librarian for the University Elementary School at the University of California at Los Angeles. Mrs. Walker died January 3d at her home at 5747 Woodman Avenue in Van Nuys after a heart attack. She had contributed much to the development of librarianship in the state, and many elementary teachers who received their practice teaching under her guidance will always remember her. Her loss will be felt deeply by those who knew and appreciated her ability and her devotion to her work and to her profession.

Mrs. Walker was a graduate of the University of Michigan, and later received her library degree from the University of California at Berkeley. Before coming to UCLA in 1951, she had been children's librarian at the Pasadena Public Library. Children who selected books under her guidance will recall her interest in them and in their reading.

Always actively interested in the literature of and for childhood, she originated a course in children's literature in the English Department at UCLA. In addition to her talents in this direction, she was a speaker and a free-lance writer.

Early distinction came to her by reason of her election to Phi Beta Kappa. After becoming a librarian she affiliated with the American Library Association, the California Library Association, and the School Library Association of California.

She will be thought of often and remembered fondly by her numerous friends and fellow-librarians.

Jewel Gardiner

A Tribute

To the many friends and professional associates of Jewel Gardiner, the news of her untimely death on December 7 following a very brief illness, came as a shock and a great loss to the school library profession.

In her position for twenty six years as supervisor of school libraries and librarian of the Professional Library of the Sacramento City Schools, Miss Gardiner achieved unusual recognition and distinction. Through her efforts and dynamic leadership the Sacramento elementary school libraries have become nationally known for their excellence. Beginning her career with six years of teaching in the schools, she received her certificate in librarianship from the School of Librarianship, University of California, where she was elected president of the class of 1929.

Her enthusiasm for school libraries, children, and books manifested itself in many ways, but particularly in the writing of *ADMINISTERING LIBRARY SERVICES IN THE ELEMENTARY SCHOOLS*, published by the American Library Association, which has now become an internationally recognized text for library schools and a helpful guide book for administrators and librarians. Throughout the years, she wrote many articles for educational and professional journals, taught extension and summer courses in school librarianship at Chico and San Jose State College, gave numerous talks to educators and librarians and shared her wealth of experience with willingness and graciousness.

As an active member of the School Library Association of California since 1930, she gave unstintingly of her time and outstanding qualities of leadership to committee and legislative work, holding many offices, in-

cluding the presidency of the Northern Section in 1936-37 and of the State Association in 1937-38. Several years later, she became the president of the Golden Empire District of the California Library Association. During the summer of 1941, she served as the Acting Chief of the School and Children's Library Office in the absence of Mildred Batchelder at the American Library Association headquarters in Chicago.

Traveling, Spanish, and photography were three of her many interests. Her travels ranged from the South Pacific to Scandinavia with numerous visits to Mexico, Central and South America. Her fluency in the Spanish language and her friendships for Latin Americans brought her many unusual experiences and an opportunity in 1942 to serve as a specialist in International Materials for six months in the U.S. Office of Education, culminating in the publication of bibliographies and articles, and to be the librarian of the Latin American workshop at Mills College the following summer and later to teach at the University in Lima, Peru. Her wide correspondence with friends in many lands was a testimonial of her interest in people.

Her vibrant personality, delightful sense of humor, interest in children and her ability to make lasting friendships of all ages, creed and color will be missed but remembered with inspiration throughout the years to come.
